

1 OVERVIEW

ClickSMS offers MO (inbound) Premium Rate messaging (PRM) in the United States. This refers to mobile users being billed at a premium/cost every time they send a message to a Premium Rated number.

Six Network Operators are supported by ClickSMS in the USA. These are:

- Verizon Wireless
- Sprint PCS (limited support)
- T-Mobile
- Cingular Wireless(AT&T)
- Leap Wireless
- Dobson Wireless

2 AVAILABLE SHORTCODES

Only dedicated Shortcodes are available in the US. A Shortcode may be linked to any price band. You may either choose to have a Shortcode number randomly assigned to you, or you may choose a specific Shortcode number if available.

These are known as:

- **Random:** A random Shortcode assigned to you; e.g. 76432
- **Selected:** A specific Shortcode requested by you (if available); e.g. 33333

3 PRICING

ClickSMS charges a setup fee and a monthly rental fee. A small switching fee is charged for all inbound (MO) messages that you receive. Normal fees (prices are available on our website at <http://www.clickSMS.info/en/pricing.php>) are charged for outbound (MT) messaging.

Please refer to the table below for pricing.

Shortcode Type	Once-off Setup Fee	Monthly Rental	Switching fee per inbound Message
Random	€1900	€700	1/3 of a credit
Select	€1900	€1100	

- All Shortcodes in the USA are obtained through a central body. This body charges a monthly rental fee, which is included in the above pricing.
- If you have already obtained your own Shortcode, then you may qualify for a monthly discount of €375 for a *Random* Shortcode, or €750 for a *Selected* Shortcode.
- These prices exclude VAT and are per allocated number.
- Rental is paid 3 months in advance.
- Rental is back-dated to the date of application and NOT the date on which the service commences.
- Setup is paid in advance.

4 REVENUE SHARE PAYOUTS

A minimum monthly volume of 700 MO messages per network will be required before ClickSMS will pass on revenue to its clients. Revenues will be paid to you around ninety (90) days or earlier. Please note that this is dependant on when the Network Operator pays Clickatell.
